

Service from the Start Essential for MOTOTRBO (Europe and Africa)

Service from the Start Essential is a unique prepaid service package that includes normal wear and tear. Purchased together with, or within 90 days of, the Motorola Solutions hardware purchase, this multi-year offer significantly reduces unexpected repair expenses while helping to protect customers' investments.

Service from the Start Essential provides protection against normal wear and tear and comprises –

- Hardware Repair with next day turnaround time and one way shipping
- Telephone Technical Support
- Software Support

For purposes hereof, “Software” shall mean computer programs in machine-readable form included in the product, which are essential to the functionality thereof as specifically stated in the product published specifications (also referred to as “Core Product Software”).

“Customer” shall mean Motorola Solutions Distributor or Reseller who have direct purchasing agreements with Motorola Solutions and authorized to sell MOTOTRBO products and services.

Hardware Repair

Hardware Repair provides product repair at a Motorola Solutions operated or supervised facility that employs the same test equipment and original Motorola Solutions components used in the manufacture of the equipment. Products are repaired to ensure full compliance is met with the product specifications published by Motorola Solutions at the time of delivery of the original product via:

- Repairs, adjustments and restorations, if appropriate, of any covered product(s) that malfunction while being used within the operational and environmental parameters specified by Motorola Solutions.
- Product updates, if applicable, as may be defined occasionally by Motorola Solutions Engineering Change Notices.

Telephone Technical Support

Telephone Technical Support is provided for technical issues that require a high level of product or troubleshooting expertise. Motorola Solutions EMEA System Support Centre (ESSC) Technical Support operation is staffed with highly trained technologists who specialise in the diagnosis and resolution of product issues, and is accessed via Motorola Solutions Service Desk (MSD). Motorola Solutions ESSC is continuously monitored against stringent, industry-recognised inbound call management and case management processes.

Software Support

The software support service provides access to software. Software Releases are defined as:

- a. **Maintenance Releases** defined as the collection of cumulative error corrections, which may include enhancements to the existing functionality or performance of the Software, and/or
- b. **Patches** (“bug fixes”) defined as Software changes released to correct verified Software errors in the current version

Note: new Software Releases, such as major Operating System version updates or other Software Releases that provide significant new functionalities or performance (“Major Releases”) are not included.

Motorola Solutions Responsibilities

1. **Non Technical Telephone and E-Mail Support Coverage Hours.** Motorola Solutions will provide non technical helpdesk during standard business hours Monday to Friday 09:00hrs to 17:00hrs CET (“Support Days”) Monday to Friday, excluding 25th and 26th December and 1st Jan. Motorola Solutions will provide hardware repair updates during standard business hours Monday to Friday 09:00hrs to 17:00hrs CET (“Support Days”) Monday to Friday, excluding local Public holidays.
2. **Remote Technical Support Telephone and E-Mail Support Coverage in English language.** Motorola Solutions shall respond to calls within four (4) hours during the support days. In addition, customers may contact the Call Management Centre who will log a technical request on Motorola Solutions Case Management System 24 x 7 on the customer’s behalf. This includes providing:
 - a. Support for the current version of Core Product Software, as well as the most prior Software Release as defined in Section 8.
 - b. Escalation - when necessary, Motorola Solutions will use established escalation procedures to enlist higher levels of expertise
3. **Technical Problem Isolation, Analysis and Resolution.** A Motorola Solutions representative will:
 - a. Assess the nature of the problem
 - b. Assist and perform problem determination
 - c. Work to achieve problem resolution

Motorola Solutions Responsibilities (continued)

4. **Hardware Repair.** Motorola Solutions will provide repair with a next business day in-house turnaround time provided the radios are delivered to the repair centre by 9:00 a.m. (local repair centre time). Turnaround time represents the time a product spends at Motorola Solutions in the repair process; it does not include time in transit. Turnaround times are a target and are not a guarantee. Radios received for repair in larger quantities than is deemed reasonable by Motorola Solutions may not be repaired the next business day. Motorola Solutions may use new, refurbished and used component parts to complete a repair.
5. **Transportation.** Motorola Solutions will provide return delivery of the equipment to be repaired from the Customer's location and bear all costs and risks associated with this transportation, excluding any customs, duties and taxes incurred.
6. **Software Error Corrections.** Motorola Solutions will use reasonable commercial efforts to correct reproducible errors and to provide problem analysis and resolution, including corrective support to resolve identifiable and reproducible Software problems. Motorola Solutions will also help to identify problems that are difficult to reproduce.
7. **Software Releases.** Upon approved request, customer is granted the right to use and copy available Software Releases under the terms and conditions specified in Section 10 and 11 of Customer Responsibilities below. Motorola Solutions will update any associated documentation, if necessary, within a reasonable time after a Software Release is published.
8. **Support for Software Releases.** Motorola Solutions may provide Patches ("bug fixes") to the current version (defined as the version shipping with the product on the date purchased by the customer) until the first production ship date of the next Maintenance Release. After this date, correction of Software errors may require installation of the new Software Release (to the extent the Customer is entitled to receive it). Motorola Solutions may, in its sole discretion, provide support for older or discontinued Software versions; special support pricing may apply.

Customer Responsibilities

1. **Serial Numbers.** When Service from the Start Essential is purchased at the time of ordering the equipment, the serial numbers will automatically be captured and included in the service agreement. When Service from the Start Essential is purchased separately from the equipment order, then Customer must provide a complete list, preferably in electronic format, or by completing a Service Order Form (SOF) of all hardware serial numbers to be covered under the service agreement.
2. **Initiating Repair.** Customer must complete a Service Request Form (SRF) for each faulty unit and label package correct with pre-paid consignment label and contact local Logistics Provider and arrange for the faulty unit to be collected and sent to Motorola Solutions for repair.
3. **Initiating Telephone Technical Support.** Customer must complete and submit a Technical Support Request Form when initiating such a request via e-mail. When contacting Motorola Solutions for Technical Support, customer must provide the Serial Number of the unit.
4. **Packaging.** Customer must package all items to normal commercial standards. Motorola Solutions original packaging is recommended.
5. **Transportation.** Customer should arrange delivery of the equipment to be repaired from the customer's location to Motorola Solutions repair depot and bear all costs and risks associated with this transportation.
6. **Error Reporting.** Customer must document and promptly report all detected errors to Motorola Solutions with enough detail to permit Motorola Solutions to reproduce the error. Customer must also assist Motorola Solutions with recreating and diagnosing each error.
7. **Installation of Software Releases.** Customer must promptly implement all Software Releases downloaded from Motorola Solutions customer support website, or otherwise provided by Motorola Solutions.

Customer Responsibilities (continued)

8. **Supervision of Software.** Customer must supervise, control and manage the use of the Software. Customer must also implement procedures for protecting its personal information and backup facilities from unauthorized access in the event of errors.
9. **Systems Upgrade.** To provide Software Releases and workarounds, Motorola Solutions may require customer to upgrade hardware and/or software systems, at its own expense, to Motorola Solutions currently supported versions of system components.
10. **Compliance with Terms of Agreement.** Customer agrees to use copy or download only those Software Releases for which it has received explicit approval from Motorola Solutions to obtain from Motorola Solutions customer support website. This entitlement is granted only for the specific serial numbers of the products covered by this agreement, and does not include rights to provide copies, transfer or otherwise distribute any release of the Software to any other product or any third party. If customer is found in noncompliance with this condition, Motorola Solutions reserves the right to invoice for any support charges necessary to obtain compliance, discontinue support or take other action as it deems appropriate. Motorola Solutions reserves the right to audit customer records using an independent third-party auditor to verify compliance.
11. **Compliance with License Terms.** Customer is responsible for complying with the terms of all relevant End User License Agreements pertaining to the Software. Motorola Solutions reserves the rights to suspend its' provisioning of support or take further action if the customer is found in violation of such license agreements.

Limitations and Restrictions

1. Customer will incur additional charges at the prevailing rates for any of the following activities, which are not covered under this agreement:
 - a. Replacement of consumable parts or accessories, as defined by product, including but not limited to batteries, cables, carrying cases.
 - b. Repair of problems caused by natural or manmade disasters, including but not limited to fire, theft and floods that would cause internal and external component damage or destruction
 - c. Repair of problems caused by third parties' accessories or peripherals not approved in writing by Motorola Solutions for use with the product
 - d. Repair of problems caused by using the device outside of the product's operational and environmental specifications or repaired by a third party
 - e. Repair of problems caused by unauthorized alterations or attempted repair
 - f. Non-remedial work, including but not limited to administration and operator procedures, reprogramming, and operator or user training.
 - g. Problem determination and/or work performed to repair or resolve issues with non-covered products; for example, any hardware or software products not specifically listed on the service order form
 - h. Performance of any file backup or restoration
 - i. Completion and test of incomplete application programming or system integration if not performed by Motorola Solutions and specifically listed as covered
 - j. Use of Software Releases except as provided for under the responsibilities outlined in this document.
2. Where a product is submitted to Motorola Solutions for repair that is outside the scope of Service, such repairs will require payment by the Customer and will be quoted by Motorola Solutions of additional costs in accordance with Motorola Solutions standard Time and Materials (T&M) rates and terms and conditions. Motorola Solutions will notify the customer of any incremental charges related to aforementioned exclusions, prior to completing the repair and said repair will be subject to acceptance of the quotation by the customer.
3. This service does not cover cosmetic imperfections that do not affect the functionality of the device.
4. Motorola Solutions is not obligated to provide support for any product:
 - a. That has been repaired, tampered with, altered or modified — except by Motorola Solutions authorised service personnel (including the unauthorized installation of any software) and / or the correct installation of Motorola Solutions or 3rd party option boards.

- b. That has been subjected to unusual physical or electrical stress, abuse, or forces or exposure beyond normal use within the specified operational and environmental parameters set forth in the applicable product specification.
- c. If customer fails to comply with the obligations contained in the product purchase agreement and/or the applicable software license agreement and/or Motorola Solutions terms and conditions of service.
